Re: Final Acceptance of Notice of Intention to Commence Small Mining Operations, Temple Strike Quarry, S/039/015, Sanpete County, Utah

Dear Mr. Day:

Thank you for submitting a copy of the survey plat (survey done by Stephen L. Ludlow, Professional License No 152774) for your Temple Strike Quarry. This survey shows that your proposed operations are indeed, all on private lands. It is also interesting to note, that this survey shows that the section line, as drawn on the published topographic map of the area (Sterling Quad), is not accurate.

This survey has also been reviewed by the School and Institutional Trust Lands Administration (SITLA). SITLA has indicated to the Division that, at this time, they will accept the survey done by Mr. Ludlow, and they have subsequently dropped their trespass claim. This action adequately addresses the outstanding deficiencies of the Division's May 1, 2001 letter. Therefore, the Division issues *final acceptance* of your Notice of Intention to Commence Small Mining Operations for the Temple Strike Quarry. Acceptance by the Division does not relieve you of any obligations to SITLA that they may require.

Please note that the Division has not yet received your \$100.00 annual permit fee for the 2001-2002 year (due July 27, 2001). Please remit this payment as soon as possible. Failure to do so will result in the Division sending this to State Collections. It may also result in the Division ordering a suspension of operations, revocation of your permit and an order to commence reclamation of the site.

Please don't hesitate to give me a call at (801) 538-5310 if you wish to discuss this matter further.

Sincerely,

Lynn Kunzler
Senior Reclamation Specialist
